This presentation covers recommended policies and procedures for reacting to an active shooter event at a school. The material is intended to educate employees and students on the dangers of the standard “Lockdown,” with an in-depth discussion on why having options can save lives. This webinar will cover recommended options, including Run Hide Fight and ALICE.

Learning Objectives:

At the completion of this activity, the learner will be able to:

- Determine whether or not their organization has an available and current active shooter policy
- Review the General Adaptation Syndrome (Fight/Flight) and how it affects decision making when under stress
- List the three basic options someone in an active shooter situation can exercise (Run, Hide, Fight)
- Describe the ALICE options, specifically the need for communication
